## Soham Town Council

There has been recently a (higher) number of complaints regarding perception of lack of response/activity by Cambridgeshire Police to reports of anti-social behaviour (ASB) and petty criminality in Soham.

A lot of discussion has taken place using social media platforms including the Facebook group *Soham Debate*.

Soham Town Council takes this public concern seriously and has as consequence organised a meeting with Cambridgeshire Constabulary and East Cambridgeshire District Council in September which is open to the public to voice their concerns and make suggestions directly to those people and organisations that can generate positive change in the community.
